

*The Cava Village*  
MONISTROL  
\*\*\*\*\*

We have restored one of the most historic places in Barcelona, Cava country, by revitalizing and restoring the area around the hamlet of Monistrol d'Anoia, formerly an estate in the 16th century, which we have converted into the The Cava Village- Monistrol.

This hotel-village encompasses restored ancient buildings next to others that are completely modern, as well as areas dedicated to high-quality accommodation, informal and à la carte dining, and oeno-tourism.
